Mrs. S. G. Bennett is shown with
one of the many champions from
the famous Scotsdale herd.

Louis Cadesky

Once again we look forward to seeing all our Shorthorn friends, old and new, at Louada. The cattle in this offering will speak for themselves. The Louada entries are as strong in quality as ever. They are being sold by Wib Donaldson. I would like to point this out because this is the first time he has had any of his own in this sale, and, of course, this is a very important occasion for him. Naturally, I have the strongest feeling of friendship for him and the greatest admiration for the contribution he is making to the Shorthorn business.

Because we must save our younger females at this time, we are not selling as many as in the past. Earlier in the year we discussed this problem with Stewart Bennett and Reford Gardhouse. They have been fine friends down through the years. Their cattle have earned the respect of Shorthorn breeders throughout the world. They are joining us in this sale, and between them have provided twenty outstanding females and three bulls, to combine with the twenty lots Louada will sell. Norman Hogg and E. A. Fray and Son, owners of two of the fastest rising herds on the continent, and both using top Louada bulls, will be present with fewer numbers than the rest, but cattle of exceptional quality.

At Louada we are particularly pleased with the calves by our new sire, Kinellar Royal Robin. Even though we had every confidence in his individuality and background, it was quite a gamble purchasing him as a very young calf, at a record price for a bull that age. It looks like we have hit the jackpot again.

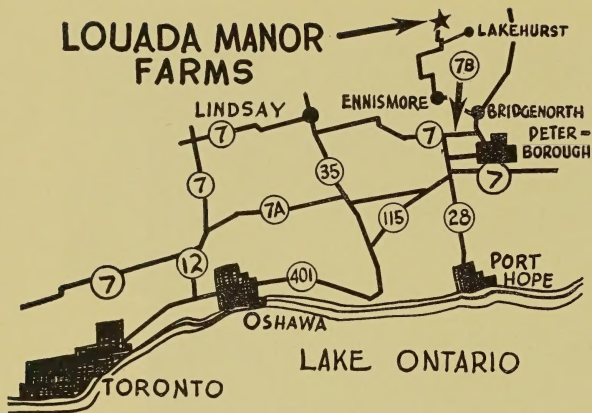

It will be a pleasure to welcome you to Louada.

A handwritten signature in dark ink, appearing to read "R. Parker" followed by a stylized flourish.

KINELLAR ROYAL ROBIN

Unretouched photograph taken in May, 1960, at seventeen months of age.

This will be the first year for Louada to bring forward the sons and daughters of Kinellar Royal Robin.

We have had first calves by other great sires . . . but none have enthused us more than these. A sample of them appears on pages 10 and 11.

Sunday . . . the day before the Louada sale is the day we set aside to enjoy your company. It is filled with the kind of relaxation you enjoy most. Roam the pastures, view the sale cattle, and join your friends at

the lodge for an evening of relaxation and a buffet.

Please remember that it is a two hour drive from Toronto to the farm and your visit will work out best if you plan to arrive on Sunday.

Bapton Welcome Home, son of Bapton Constructor, out of one of the cows purchased from us by Bapton was the second highest selling bull of all breeds at the recent sale of imported bulls at Buenos Aires in the Argentina.

Bapton Welcome Home is a full brother to Louada Cardinal, purchased in the 1959 Louada sale by Charles Ewald and Son, Waldorf, Minnesota.

Bapton Mavis Crocus, the dam of Louada Masterpiece, Lot 1. She is also the dam of Bapton Pioneer, the Northwood herd sire. She is shown above with her 1959 bull calf at foot, Louada Masterstroke, sold at private treaty last year to Maclyn Plantation, Albany, Georgia.

LOUADA MASTERPIECE — In our opinion this is the best son of Constructor to be offered at auction. His dam was purchased for 1,500 gns., in the 1957 Bapton sale, with a bull calf at foot. That calf was Bapton Pioneer, that is doing such a good job in the Northwood herd of Otto Grosse. Another son and full brother to Louada Masterpiece is Louada Masterstroke that sold at a high figure to Maclyn Plantation last summer and now proving his worth there. Look up to the dam on sale day with a full sister at foot to Masterpiece.

LOUADA DEBONAIR — His dam is a full sister to Louada Bonaparte, now in the Duggan herd in Argentina. Blood Royal 33rd has been our greatest cow. It would take too much space to relate all that she and her daughters, and her granddaughters have produced. A few of the bulls in addition to Bonaparte are: Louada Blockbuster, Louada Bondholder, Louada Cornerstone, Louada Galahad, Louada Battleship, Louada Beaver, Louada Copyright, Louada Broadword. The dam of Louada Debonair produced Louada Randolph being used at Louada at present and owned in partnership with True Buckmaster of Indiana. These Royal Robin calves make the best use of feed of any calves I have ever had anything to do with.

Louada Blood Royal 20th, the dam of Louada Deonair. She is a full sister to Louada Bonaparte. She is also the dam of Louada Randolph, the powerful son of Louada Regalia. A half interest in Louada Randolph was sold recently to True Buckmaster.

LOUADA COUNTRYMAN — A son of Kinellar Royal Robin and out of a good Constructor daughter. This calf was sold at foot with his dam to Harold Frey of Saskatchewan in our May, 1961, sale. This calf, consequently, belongs to Mr. Frey but he has agreed to our selling him in this sale. He is one of the best.

LOUADA BYRON — Another from our great Blood Royal family. His dam was sold at a high figure to Michigan State University and we bought the calf back at an early age. His dam was second prize heifer at the Chicago International in 1959. Her full sister, now in the Tuscarora herd in Pennsylvania, was second to the grand champion at the International in 1958. Blood Royal 11th, the granddam of this calf, is a full sister to Louada Galahad, Louada Battleship, Louada Beaver and half sister to Louada Barbarian, Louada Broad-sword and Louada Blood Royal 35th, the top selling animal in our May sale.

Louada Debonair, Lot 4; Louada Byron, Lot 6; Louada Countryman, Lot 5; and Louada Rothes King, a son of Louada Bonaparte that we are keeping.

LOUADA AUGUSTA QUEEN 3RD — The third daughter of Louada Augusta Queen that topped our sale of 1959, going to Dave Lorenz of K C Shorthorn Farms, at \$5,700. This family has produced many of our best cattle. Louada Fearless, used so successfully at The Hickories, and later in the herds of Bivin and Mangold, was full brother to the dam. A full sister of the dam, Louada Augusta Kate, Royal Winter Fair champion of 1956 sold in our May sale to K C Shorthorn Farms at \$4,000. Kate is the dam of Louada Statesman, herd sire for P. J. Rock & Son of Alberta. We have the two full sisters of Louada Augusta Queen 3rd in our herd, also her daughter by Royal Robin. Look her up on sale day. Bred again to Kinellar Royal Robin on May 5th.

Louada Broadhooks Nan, Lot 18; and **Louada Augusta Queen 3d**, Lot 17.

LOUADA BROADHOOKS NAN — A good strong daughter of Constructor with a roan September heifer calf at foot by Kinellar Royal Robin. WINNING "GET OF SIRE" BY SCOTSDALE JUPITER, ROYAL WINTER FAIR 1960
Scotsdale Naomi Rosebud, Scotsdale Navarre, Scotsdale Musketeer

First prize Breeder's Herd, 1961 C. N. E. for Aberfeldy. Left to right, **Aberfeldy Rosebud 5th**; **Aberfeldy Tess**; **Aberfeldy Clipper Diamond**, Lot 25; and **Aberfeldy Control**.

First prize get of sire by Calrossie Forward March, 1961 Canadian National Exhibition. Left to right, **Aberfeldy Clipper Diamond**, Lot 25; **Aberfeldy Control**, grand champion; **Aberfeldy Armada**, recently sold to Mrs. Torrance Beardmore, Briardale, Mono Mills, Ont. The two bulls are full brothers and were also the winning pair of bulls.

The Aberfeldy Entries

Aberfeldy is proud to be a participant in the Louada October sale. Not having had a production sale of our own in 1960 or 1961, we are in an extremely favorable position to select the kind of females every good breeder hesitates to sell.

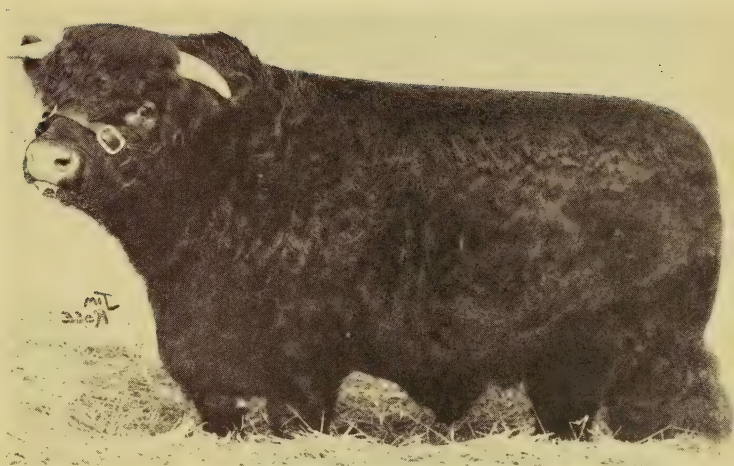

Another factor places us in a strong position. Never before have we had a herd bull battery that was getting the job done better. Evidence of this was our recent showing at the C. N. E. where Aberfeldy gets by three different sires; Calrossie Forward March, Nae-moor Barbican, and Bapton Calvert, placed first, third and fourth.

The eleven females Aberfeldy is offering are the best group we have ever sold.

How does one describe a bull whose potential excites us more than any we have possessed in a lifetime of breeding Shorthorns? This is the way we feel about Duncrahill Buffalo Bill.

Such thoughts cannot adequately be put in words, so we shall leave the judgment to you. Duncrahill Buffalo Bill was purposely not shown at the recent C. N. E. It is our present plan to exhibit him only twice in his lifetime . . . at the 1961 Royal Winter Fair and International.

He will be on hand at Louada for you to see. We are confident of your judgment . . . so much that we have bred eight of the eleven heifers we are selling to him.

The Canadian National Exhibition is always one of the strongest shows of the year. There was an exceptionally strong show this year, with several classes running over twenty entries.

At this event, Aberfeldy Farms had the biggest winning day in its history. Most satisfying was the get-of-sire class, where three different Aberfeldy sires proved their worth, their gets placing first, third, and fourth.

The Aberfeldy herd has never been stronger . . . the future never looked brighter.

ABERFELDY JOAN RAMSDEN — Naemoor Barbican (imp.) placed second in his class at Perth in 1959. Imported and sold in our sale that year at \$2,700 to Inness Farms, Illinois. We bred ten females to him and the calves are outstanding. Judging from his first calves here, we predict a bright future for Naemoor Barbican. Bapton Controller was Perth champion in 1957. The dam's side of the pedigree is equally strong; a Calrossie Miss Ramsden by Bapton Captivator. Aberfeldy Joan Ramsden sells bred to Duncrahill Buffalo Bill (imp.).

SCOTSDALE JUPITER

Senior and Reserve Grand Champion, International, 1958.

Senior and Reserve Grand Champion, Royal Winter Fair, 1957, 1958.

Sire: Calrossie Prefect, Supreme Champion, Perth, 1952.

Scotsdale's four champion bulls at the 1958 Royal Winter Fair.

A REMARKABLE RECORD

At the 1958 International, Scotsdale won the first four bull classes. The International is sixty years old. We are not certain if this ever happened before, but it is highly unlikely that it has.

These four first prize winners were . . . Scotsdale Lucifer, Rothney Juggler, Scotsdale Musketeer, and Scotsdale Mentor. That same year a fourth Scotsdale bull, Scotsdale Marshall, was the grand champion of the Royal Winter Fair and topped the International sale at \$10,000. The get of four of these five famous 1958 show bulls make up the 12 outstanding Scotsdale entries to this sale.

SCOTSDALE

Down through the years, no herd of Shorthorns has earned greater respect than Scotsdale, no breeder is held in higher regard than its owner, S. G. Bennett. Scotsdale's record in the show ring is far too long to even attempt to enumerate. Scotsdale sires, are, and have been for many years, in service in every corner of North America.

Every herd traces much of its success to the purchase of one particularly outstanding stock bull. Such a bull was Calrossie Prefect, 1952 Perth Supreme Champion. The argument as to which of Calrossie Welcome's sons was the greater will never be settled, but in every such discussion Calrossie Prefect's name will be prominent.

Not only did Calrossie Prefect leave a heritage of daughters and granddaughters at Scotsdale to serve as a base for

the future, but his sons and grandsons are further intensifying this potent line.

Scotsdale Jupiter, International Supreme Champion, 1956; Royal Winter Fair Supreme Champion, 1955 and 1956, was first of this line to be used and never looks more impressive than he does today. Scotsdale Lucifer came along two years later to be the International Reserve Grand Champion, also winning the Reserve Championship at the Royal Winter Fair, 1957 and 1958. Scotsdale Musketeer, son of Scotsdale Jupiter, was the senior champion, 1958 International. Another great bull, Rothney Juggler, rounds out the impressive quartet of senior stock bulls at Scotsdale. He was Supreme Champion, Royal Winter Fair, 1958 and first at Chicago. Sired by a half brother to Calrossie Prefect, his dam was bred by Scotsdale.

Scotsdale Rosemary Clipper, Lot 44.

SCOTSDALE ROSEMARY CLIPPER — By Rothney Juggler, Supreme Champion Royal Winter Fair, 1959. The dam is by Scotsdale Fairdeal who was used so successfully in the Canard herd and was the sire of a Reserve Grand Champion female in 1959. Will be bred by sale day.

Scotsdale Marshal. Grand Champion Bull, Royal Winter Fair, 1958. Purchased for \$10,000 in the 1958 International Sale from Scotsdale. Sire, Calrossie Prefect.

Glamis Eliza May. Reserve Grand Champion Female, Perth, 1959. Purchased by Norman D. Hogg and typical of the great females acquired in Scotland for the Ettrick herd foundation.

The famous **Louada Bonaparte**, exported to the Argentine for \$30,000. The Ettrick junior sire, Louada Blockbuster, is a full brother.

To found the Ettrick herd, and bring it quickly to the desired number, twenty beautiful females were selected in Scotland in 1959. They represented the tap families at Calrossie, Tradlin, Uppermill, Glastullich, Chapelton and Bapton. In addition, outstanding females were purchased in Canada from Louada, Scotsdale and Sandoon.

For their first herd sire, Ettrick purchased the great 1958 Royal Winter Fair Supreme Champion, Scotsdale Marshal for \$10,000. To follow on his daughters, last year they bought, at private treaty, Louada Blockbuster, powerful full brother to Louada Bonaparte.

The Ettrick herd, owned by Norman D. Hogg, Uxbridge, was founded with a definite plan. To concentrate on quality it was decided to have a herd of from 30 to 35 brood cows. The program called for investing in the finest females available in North America and Scotland, then as they had daughters, keeping the daughters and selling the original foundation cows.

The obvious advantages are that the heifers retained for the herd will be by Ettrick herd sires, giving a uniformity of type and breeding. Also, with the cows sold at young ages, they would be of maximum benefit to the purchaser. Further, the owners of Ettrick felt that such a program gave them the best opportunity to invest in the very best.

We explain this because four of the five Ettrick female entries fall into this category. The fifth, a beautiful daughter of Scotsdale Marshall, is being included solely to demonstrate the quality that is being produced in the herd.

The four beautifully bred cows (Lots 46, 47, 48, and 49) are not discards, in any sense, but are included as a part of the planned Ettrick herd program.

Scotsdale Marshall, \$10,000 Royal Winter Fair Grand Champion, shown in pasture at Ettrick with a few of the brood cows.

FRALAWN GAY LASS — A daughter of Louada Regalia, now herd sire for the Browns of Kentucky, and proving to be one of the great bulls of the breed. From a good Collynie family. Served to Bapton Constructor on July 16th.

The two entries from Fralawn. Left, **Fralawn Claret 7th**, Lot 50; and **Fralawn Gay Lass**, Lot 51.

FRALAWN

E. A. Fray, and his son, Dr. John C. Fray, long breeders of good Shorthorns at Owen Sound, came to Louada early in 1959 determined to buy the best bull on the place. We did not want to sell Louada Regalia, the 1958 International Reserve Junior Champion, because he was the son of Bapton Constructor from that calf crop that we had decided to hold back. We valued him at \$15,000 and agreed to accept Fray's offer for a half interest at \$7,500.

Wallace Campbell, manager of Brown-Forman Experimental Farms, Frankfort, Kentucky, and one of the most capable cattlemen in the business continued to ask me about Regalia. When a liberal number of calves had arrived, I told Wallace to come and see for himself. He looked at the calves at Louada . . . and the ones at Fralawn. The Brown's first effort to buy Regalia was not successful, but they came back with an offer of \$10,000 for the Fray interest. The Frays, having had two seasons use accepted.

When I mentioned to Ernie Fray that we were not going to have enough females of our own for our October Sale, he was anxious to be a part of it. He allowed me to pick exactly what I wanted, an excellent daughter of Bapton Constructor (Lot 50) and a beautiful Regalia heifer (Lot 51) . . .

TRAIN AND PLANE INFORMATION

By air . . . Chicago to Toronto

Trans-Canada Airlines has about eight flights a day — each way — between Chicago and Toronto. These leave both Midway and O'Hare, but it will be much more convenient for those attending the Northwood sale to leave from O'Hare.

By air . . . from other points

In the eastern part of the country, there are direct flights to Toronto from New York and Cleveland. Excellent service also from the Canadian West and East.

By rail . . .

You can take a sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 8 p.m. and arrive in Toronto around 9 a.m. The train from Toronto for Chicago leaves about 10 p.m.

By automobile . . .

The present super-highway system makes the drive a good deal easier than ever before. We would like to point out, however, that the cost of a round trip airline ticket from Chicago-Toronto is only about \$55. Rail about the same. It is difficult to beat this traveling by car.

Special Charter Flight . . .

Northwood Farms has arranged for a special TCA charter flight . . . The Shorthorn Special . . . regular TCA equipment and crew . . . to leave O'Hare after their sale for a two hour dinner flight to Toronto. Reservations for this can be made through Northwood Farms, Cary, Ill.

By rail . . . Toronto-Peterborough

There is good service but with Daylight time ending there will be changes in schedules and we shall not attempt to give you times here. If you have traveled to Toronto by train and find that you can make a good connection on to Peterborough, it will probably be best for you to do so because it is a fast train. However, if you are to encounter a long delay, we would prefer that you

call the farm (Buckhorn, Ont. OL 78792) and we will arrange to pick you up with others coming from the airport. Coming back from Peterborough to Toronto there are generally trains at times that will enable you to make your connections, but in the event you cannot find a convenient connection we will see to it you have transportation to Toronto.

Meeting you in Toronto

We will be happy to meet your plane. It is about a two hour drive to the farm. Try to arrive early enough so you won't miss the affair at the farm Sunday afternoon and evening. **Please advise us in advance of your arrival time. Then you should report to the flight information desk Trans-Canada Airlines.** A representative of Louada will be nearby. If you miss connections call the farm at Buckhorn, Ontario, Oliver 78792.

If you are coming by train, you may find it just as convenient to continue by train from Toronto to Peterborough. However, if this doesn't work out call the farm and we will include you in the cars coming from the airport.

Cars will also be going back to the airport after the sale.

Cars from Peterborough

If you are without transportation upon arriving in Peterborough, contact the farm. On sale day cars will leave from the motel area and the Empress at approximately 8:30 a.m. and 9:00 a.m.

All train and plane information given here is approximate.

Be sure to check with your ticket agent for exact times.

Because schedules change we cannot quote exact times.

We urge you NOT to make your connections so close that you arrive in Toronto Monday morning.

Bapton Mavis Crocus. Her calf pictured is Louada Masterstroke, sold last year at a high figure to Maclyn Plantation, Albany, Georgia, and full brother to Louada Masterpiece, Lot 1. Bapton Mavis Crocus is also the dam of Bapton Pioneer, the bull we sold to Northwood Farms that is doing such a fine job there.

The Louada October Sale

It is my belief the next twenty years will show the greatest era of growth the Shorthorn breed has ever known . . . and that we are right now at the beginning of this explosion. Many new people will join our ranks. There will be a shortage of the kind of stock bulls and foundation females they will demand. Now is the time for you to make up your mind whether you are going to produce that kind.

This sale can supply you with the seed . . . as it has so many others in the past.

Louada, Scotsdale, and Aberfeldy have been three of the herds that have contributed the the most to present day Shorthorn excellence. To be associated with any one in an auction sale would be an honor . . . to have a combination of the best productions from all three, plus good ones from two other fine herds, makes the sort of sale of which I have dreamed.

Merv Aegerter and I will be joining the group at Northwood on Friday, October 20. We hope you can be with us all the way.

Don Longley
The Shorthorn World

W L HERCULES

Grand champion bull, 1961 Iowa State Fair.

He is the first son of Louada Aristocrat, one of the first Louada-bred sons of Bapton Constructor.

Louada Aristocrat gets and groups were also winners for W N Anderson at this strong show.

W L Hercules is shown above as a junior calf winning the reserve grand championship at the 1961 Fort Worth show.

FROM W. B. DONALDSON . . .

This will be the last occasion that Louada will have Bapton Constructor sons of any number to sell at any one time. These are fully as good or better than any group we have offered in the past. We consider Louada Masterpiece the best son of Bapton Constructor we have ever offered at auction.

The first three sons of Kinellar Royal Robin are being sold in this sale. The first calves by Kinellar Royal Robin please us more than any group we have ever had. They combine soundness, quality, character and the ability to make the greatest use of feed. At Louada you will see ample evidence of the value of this sire to follow Bapton Constructor.

While we are selling only seven females, all should be money makers for those who buy them. We cannot offer more females, because we do not have them to sell. The females of the other herds combined with these from Louada make up as strong a female offering as we have ever sold.

W. W. Donaldson

We wish to urge all who can to support . . . with bull entries of the highest calibre . . . the new Canadian International Bull Show and Sale to be held January 27 at Toronto. It is open to Shorthorn and Polled Shorthorn breeders everywhere. Each of the herds participating in the Louada October Sale will also have bulls in the Canadian International. For further information contact Reford Gardhouse or Don Longley.
